USD A (ISIN: IE0004086264)

A SUB-FUND OF BNY MELLON GLOBAL FUNDS, PLC

THIS FUND IS MANAGED BY BNY MELLON GLOBAL MANAGEMENT LIMITED

OBJECTIVES AND INVESTMENT POLICY

OBJECTIVE

To achieve long term capital growth through investment primarily, in a portfolio of equity and equity-related securities of companies located worldwide, the majority of which shall be listed or traded on Eligible Markets located worldwide.

POLICY

The Fund will:

- invest anywhere in the world;
- invest in company shares and similar investments;
- invest in companies of all sizes (e.g. small, medium and large companies) and in any industry (e.g. pharmaceuticals, financials, etc);
- have complete freedom to invest without reference to any benchmark or index; and
- limit investment in other collective investment schemes to 10%.

The Fund may:

- invest in emerging markets;

- invest in bonds and other debt and debt-related securities with high credit ratings (i.e. investment grade bonds with a minimum credit rating of BBB- as rated by Standard and Poor's or similar agencies); and
- invest in derivatives (i.e. financial contracts whose value is linked to the expected price movements of an underlying investment) with the aim of reducing the overall costs and/or risk and/or to generate additional capital or income with a risk level which is consistent with the risk profile of the Fund (Efficient Portfolio Management (EPM)).

Recommendation: the Fund may not be appropriate for investors who plan to withdraw their money within five years.

Treatment of income: income from investments will be retained within the Fund. This will increase the value of your shares.

Dealing: you can buy and sell your shares in the Fund between 9:00 and 17:00 (Irish time) on each working day in Ireland. Instructions received before 12:00 will receive the price quoted on that day. The minimum initial investment for this share class is USD 5,000.

RISK AND REWARD PROFILE

Lower risk
Potentially lower reward

Potentially higher reward
Higher risk

We have calculated the risk and reward category, as shown above, using a method of calculation derived from EU rules. It is based on the rate at which the value of the Fund has moved up and down in the past (i.e. volatility) and is not a guide to the future risk and reward category of the Fund. The category shown is not a target or guarantee and may shift over time. Even the lowest category 1 does not mean a risk-free investment.

This Fund is in category 5 because its historical value has shown moderately high volatility. With a Fund of category 5, you have a moderately high risk of losing money but your chance for gains is also moderately high.

THE FOLLOWING RISKS MAY NOT BE FULLY CAPTURED BY THE RISK AND REWARD INDICATOR:

- There is no guarantee that the Fund will achieve its objective.
- This Fund invests in international markets which means it is exposed to changes in currency rates which could affect the value of the Fund.

– The Fund may use derivatives to reduce costs and/or the overall risk of the Fund (i.e. Efficient Portfolio Management (EPM)). Derivatives involve a level of risk, however, for EPM, they should not increase the overall riskiness of the Fund.

– The Fund may invest in emerging markets. These markets have additional risks due to less developed market practices.

– A fall in the value of a single investment may have a significant impact on the value of the Fund because it typically invests in a limited number of investments.

– The Fund may invest in investments that are not traded regularly and are therefore subject to greater fluctuations in price.

– The Fund may invest in small companies which may be riskier and less liquid (i.e. harder to sell) than large companies. This means that their share prices may have greater fluctuations.

– The Fund takes its charges from the income of the Fund in the first instance. The impact of Fund charges may be material on the value of any income you receive from your investment. There is potential for capital erosion if insufficient income is generated by the Fund to cover these charges.

A complete description of risk factors is set out in the Prospectus in the section entitled "Risk Factors".
